

# Attaché Data Migration Utility

After installing Attaché 20, you may wish to migrate some of your Attaché Accounts companies (datasets) to Attaché 20. The Attaché Data Migration Utility is designed to help you migrate companies to the new system.

REF: 100820 201

## Applicable version

- Data Migration Utility version 20.1.2 (August 2020) is available via your Attaché consultant.

(Note that these instructions also apply to using the Data Migration Utility included in Attaché BI versions 3.4 to 3.7.2. For example, if you are now using Attaché BI and wish to migrate a history company from your previous Attaché Accounts system.)
